

ISDAC Breakout: Introduction & Goals

Greg McFarquhar¹ and Steve Ghan²

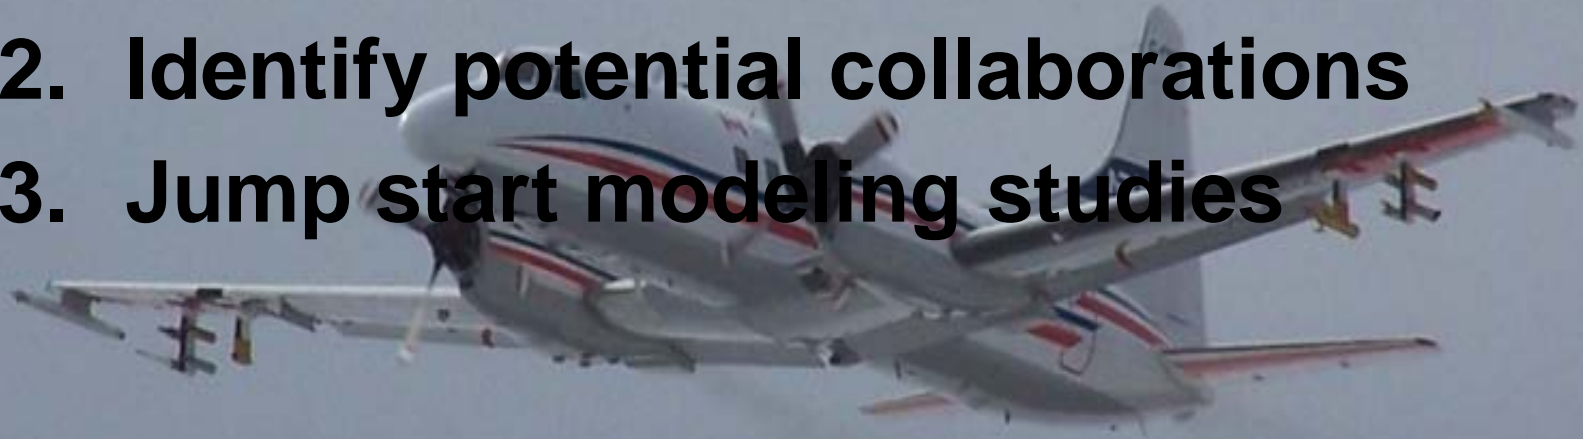

¹University of Illinois

²PNNL

Goals

- 1. Update on data processing & archival and science investigations**
- 2. Identify potential collaborations**
- 3. Jump start modeling studies**

Agenda

100: Introduction & Goals, McFarquhar/Ghan

105: Synoptic Overview, Verlinde

120: Overview of aerosol observations, Ghan (from Brooks, Zelenyuk)

135: CCN Observations, Moffett

145: Episodic Arctic Forcing, Dubey

200: TDMA, Collins

210: Cloud Observations, McFarquhar (Lawson, Korolev)

225: Surface-based observations, Shupe

235: Surface-based Observations, Gultepe

245: ISDAC Modeling Studies, Ovchinnikov

300: Discussion
